Growing Hope Together

Your partnership. Our mission.
Together for a better future
for people in Africa and Asia.

Why Upendoimo?

*Hope begins where
people come together.*

Upendoimo e.V. is a nonprofit association of Catholic communities and individuals dedicated to social projects in Africa and Asia.

Together with our local partners, we promote projects that empower people and open up new perspectives – through access to clean water, education, skills training, sustainable energy and places of encounter and faith.

For us, help is not short-term aid,
but a shared investment in a better future.

Sustainability

We support projects that make a positive impact today and for tomorrow.

Partnership

Our partners know the people and the needs. Together, we develop solutions that work on site.

Dignity

Every person has inherent dignity and deserves respect, hope and a future.

Christian Neighborhood Love

Our faith inspires us – love must be shown in concrete actions.

We believe that
Christian love can change
the world – one person,
one project, one eased
suffering at a time.

“

No one can ease all the suffering in the world.
But easing one person's suffering can change the entire world. ”

What We Achieve

Our projects. Hope that becomes visible.

Every project we carry out is a concrete response to need.
Together with our local partners, we develop sustainable solutions
that improve lives and create lasting change.

Clean Water

Water is vital.
It sustains life,
health and the future.

Education

Education opens minds
and creates new
opportunities.

Food Security

No one should go hungry –
everyone deserves
a dignified life.

Places of Faith and Community

We create places where
faith is lived, people meet
and communities grow.

“

Together we can do so much.
Today we help. Tomorrow we change the future.

”

Become a Partner

Growing Hope Together.

Partnership is essential for us, because together we can bring lasting hope to people in Africa and Asia.

Our partners enable our work on site – they share our vision and help us provide sustainable aid and open up new perspectives for people in need.

What does a partnership mean?

You share our goals.

You support our mission and our values and help us achieve them.

You make our work possible.

Your support makes it possible to carry out important projects and bring hope and sustainable change to the lives of people in Africa and Asia.

You foster encounters.

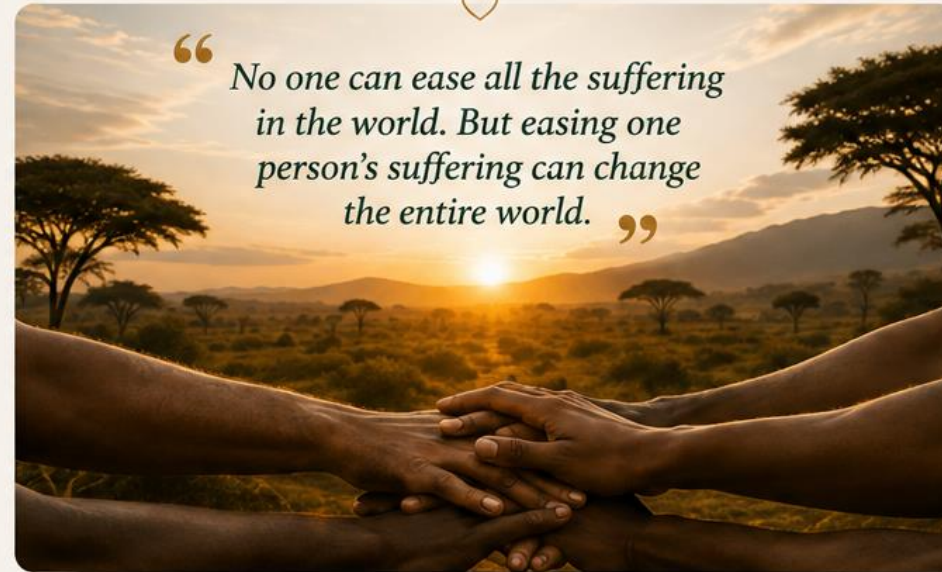

You build bridges, create networks and bring people together – for cultural exchange and lasting understanding.

You strengthen our work on site.

We are active where help is needed most and bring new hope to people.

Together we can make more of a difference.

“*No one can ease all the suffering in the world. But easing one person's suffering can change the entire world.*”

What you receive as a partner

Regular information

You will receive updates about our projects and developments.

Invitations to events

You are invited to our events on site, project visits and online events.

Personal contact

We are here for you and look forward to an open exchange.

Information material

You receive our flyers, brochures, films and updates about our work.

Joint public presence

On our website and in our reports we mention your company as our partner.

Recognition in reports

We include your support in our annual reports and thank you for your valuable commitment.

As a partner on our side:

You share our goals and values.

You spread our information material and raise awareness about our projects.

You share our link on your website and in your network.

You are ready for talks, exchange and networking.

You lead by example in an ethical way.

Together we can create a better future full of hope for people in Africa and Asia.

Thank you!

Partnership is not just about working together, but about trusting one another.

Thank You for Your Interest.

Shaping a Better Future Together.

Every partnership begins with an open conversation. Together, we can develop projects that are sustainable and effective – and create a future where people can live in dignity, with new opportunities and real hope.
